

# AI and Machine Learning in Microsoft Azure Advanced Specialization

Program Overview and Requirements

## Program overview

Showcase your validated capabilities enabling customer adoption of AI and implementing Azure solutions for AI-powered apps and machine learning life cycles with the AI and Machine Learning in Microsoft Azure advanced specialization.

As the speed of business accelerates, organizations of every type and size are looking for ways to streamline processes and deliver simpler, faster, and smarter resources to help them keep up.

Help your customers automate processes, gain deeper business insights, and deploy intelligent agents.

Partners who earn an advanced specialization will get a customer-facing label displayed on their business profile page and be prioritized in customer searches in the [Microsoft Solution Provider Finder](#).
