We’re excited to invite you to our first Microsoft 365 & Security Presales Partner Bootcamp to learn more about conversation best practices, objection handling, and sales programs.

Consisting of six unique 150 min sessions between September 29 & October 8, you’ll get a deep-dive into various conversation starters across Microsoft 365. Interact directly with our sales specialists, and get follow-up experiences to directly apply your learnings in your day-to-day job.

This training provides Presales and Practice Leads a deeper understanding on ways to have more impactful conversations and how to partner closely with Microsoft sales on this joint opportunity. We suggest attendance by individuals with foundational skills in productivity, collaboration, security, or compliance.

- **Start Time:** 7am PDT / 4pm CET / 7:30pm IST
- **Length:** 2.5 hours per day
- **Dates:**
  - September 29: Starting the Identity Conversation
  - September 30: Starting the Security Conversation
  - October 1: Starting the Compliance Conversation
  - October 6: Start your conversation with Calling & Meeting Solutions
  - October 7: Start your conversation with Change Management
  - October 8: Start your conversation with Teams Platform Solutions
Virtual Training Series (VTS)

Interactive, time-zone-friendly webinar series for Microsoft Partners designed to increase your knowledge of incubation and advanced technical scenarios across Microsoft’s cloud solutions. These training opportunities offer chat-based instructors, with deep technical knowledge in a consolidated format and time frame.

- Focused on Microsoft core solution areas:
  • Azure
  • Modern Work and Security
  • Business Applications
- Flexible schedules and self-paced options
- Available to all Microsoft Partners

Microsoft Business Value Programs, demo.microsoft.com, and other resources have been combined into a centralized platform designed to support you in accelerating and growing your business and have value-based conversations with customers. We’ve worked with partners, champion communities, and Microsoft SMEs to consolidate multiple platforms, repositories, and content and demo experiences across multiple sites to deliver updated experiences and content for partners. You can find the following resources on Transform for Microsoft 365.

- **Customer Digital Experiences**: Leverage customer immersions experiences, demos, and hands-on labs with your customers.
- **Value Calculator**: Use real customer data to show the ROI organizations can achieve by adopting Microsoft 365.
- **Customer Content Assembler**: Create presentations tailored to your customer's interests & deliver high-quality content with the most up-to-date, marketing-approved messaging, in a consistent format.
- **Security and Compliance Workshops**: Deliver workshops that assist you in conducting effective discussions with your customers about their security and compliance strategy priorities, initiatives, and key influences.
- **Digital Maturity Assessment**: Leverage tools designed to provide a comparison of a given customer’s frontline workforce digital maturity to a global, industry-based benchmark.
- **Customer Success BDM Workshop**: Effectively engage with customer business leaders to Envision and define their business outcomes, use case scenarios and measure of success; and help customers better understand and commit to an effective change management strategy to ensure success and end-user adoption.
