

# Updated assessments, competency and exam certifications for 2021

Worldwide, business is moving to the cloud. We're focused on supporting you through this shift to a thriving cloud-based economy by ensuring you have the latest technical skills to meet your customers' needs. With that in mind, **we're retiring several assessments, exams and certifications and introducing new ones that are eligible for competency attainment and renewal.**

## [See how updated exams and certifications impact your competency](#)

Review the following table carefully and check [Partner Center](#) regularly to make sure you meet all current requirements for competency attainment and renewal. Updated exam requirements are available only in Partner Center. If your organization has not [moved your membership management](#) from Partner Membership Center (PMC) to Partner Center, you'll need to do so before you can attain or renew your competency. If you have questions or need support, [we're here to help](#).

## [Retiring and new exams and certifications as of January 31, 2021\\*](#)

Exams and certifications retiring on **January 31, 2021**, will remain eligible for competency attainment and renewal until **January 31, 2022**, if taken before they are retired.

### Retiring assessments and new exams and certifications as of December 31, 2020

Assessments retiring on **December 31, 2020**, will remain eligible for competency attainment and renewal until December 31, 2021, if taken before they are retired.

*\*This excludes Microsoft 365 Certified: Teamwork Administrator Associate exam for the Collaboration and Content competency – please see below for details.*

Please note that the exam changes will be reflected in Partner Center by May 2020.
